Summary

This supplemental filing is being made to incorporate changes as discussed with the Division of Water and Audits. This supplemental filing will replace Advice Letter 199-W in its entirety.

The purpose of this advice letter is to implement interim rate increases for Test Year 2015 as authorized by the Commission in Ordering Paragraph No. 3 of D.15-05-038, dated May 21, 2015 (A.14-01-002). The interim rates will be subject to refund and adjusted upward or downward, consistent with the final rates adopted by the Commission in the pending general rate case.

Background

On January 2, 2014, AVR filed General Rate Case Application No. A.14-01-002 for its service area in accordance with D.07-05-062, the Rate Case Plan.

On August 4, 2014, the assigned ALJ granted AVR's motion for Interim Rate Relief, authorizing AVR to implement an interim rate increase on January 1, 2015, based on the rate of inflation.

On April 1, 2015, the assigned ALJ issued a proposed decision which resolved disputed issues between the parties, adopted the majority of the proposed settlement between AVR and the Office of Ratepayer Advocates (ORA), and modified the Main Replacement Program in the Proposed Settlement.

On May 1, 2015, pursuant to the assigned ALJ Ruling, the parties notified the Commission that they declined to accept the Commission modification to the Proposed Settlement.

On May 21, 2015, the Commission issued D.15-05-038 which rejects the Proposed Settlement filed by AVR and ORA and adopts interim rates subject to refund or surcharge for AVR.

D.15-05-038 (page 7) states the following:

“In order to reduce under-collection being amortized over a short period of time and avoid rate shock to the ratepayers, we authorize Ranchos to implement interim rates on June 1, 2015 based on the Proposed Decision issued on April 1, 2015.”

Request

AVR is requesting interim rates based on the April 1, 2015 Proposed Decision pursuant to D.15-05-038. Ordering Paragraph No. 3 (of D.15-05-038) states:

“Apple Valley Ranchos Water Company shall implement interim rate increases subject to refund and surcharges on June 1, 2015, based on the April 1, 2015 Proposed Decision.”

Tier Designation

This advice letter is submitted with a Tier 1 designation.

Requested Effective Date

Pursuant to D.15-05-038, AVR requests this filing become effective on June 1, 2015.

Notice and Service

In accordance with General Order 96-B, General Rules 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on June 16, 2015 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission).

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue
San Francisco, CA 94102
Email: water_division@cpuc.ca.gov

MAIN EXTENSIONS

- C. 1. c. In lieu of providing the advances in accordance with Sections C.1.a. and C.1.b., the applicant for a main extension shall be permitted, if qualified in the judgment of the utility, to construct and install the facilities himself, or arrange for their installation pursuant to competitive bidding procedures initiated by him and limited to the qualified bidders. The cost, including the cost of inspection and supervision by the utility, shall be paid directly by applicant. The applicant shall provide the utility with a statement of actual construction cost in reasonable detail. - If an applicant for a main extension contract who is asked to contribute the facilities believes such request to be unreasonable, such applicant may refer the matter to the Commission for determination, as provided for in Section A.8. of this rule.
- e. A special facilities fee for water supply will be included in the advance in lieu of any domestic water supply requirement covered under Section C.1.b. The fees are shown below.

A Supplemental Water Acquisition Fee will be charged to all applicants for a main extension to serve a new subdivision, tract, housing project, industrial development, commercial building, or shopping center as a refundable advance in order to address issues of long-term availability and cost of water supply.
