

Apple Valley's Current Town
Government's Decision to Use
EMINENT DOMAIN
To Take Over The Town's Oldest
Company – Apple Valley Ranchos
Water – Means that

THIS WILL HAPPEN:

- ☑ The Town Council **WILL NOT** be able to lower water rates, as they once promised.
- ☑ Your taxes **WILL GO UP**, as the Town is forced to float bonds to pay millions of dollars for what you already have: clean, safe and reliable water service.
- ☑ A long and costly legal process will consume millions more of taxpayer dollars—more than even the Town Council is admitting.
- ☑ If you are **NOT** an Apple Valley Ranchos customer, your taxes will pay the cost of legal fees plus the unknown price for a water company.
- ☑ If you conserve water or if you are a low income customer and receive reduced water rates, under Town ownership you will now be forced to pay more for water based on the Town's financing scheme.

**Say No to Higher Taxes and
Big Government and Millions
More in Spending.**

EMAIL YOUR
COUNCILMEMBERS AND TELL
THEM STOP SPENDING
OUR TAX DOLLARS!
**NO GOVERNMENT
TAKEOVER!**
